281. **Holsaine Alletha "Hallie" ORNER** was born on Jan 16 1876 in Cherry Tree, Green Twp, Indiana Co, PA. She died on Nov 18 1973.

It was a warm sunny day in the early summer of 1881. Riding in a two seated carriage drawn by two dandy horses, Papa, Mamma, Frank, Elizabeth, myself and baby Nell, we said goodbye to our home and friends in Cherry Tree as we were going to live in a new town, a flourishing lumber town, DuBois, PA. Papa was a builder and this new place was booming with lots of building, churches, schools, homes, and business blocks. We were happy and this was a great adventure driving fifty miles. Our furniture was close behind us on a big wagon with two men so one could bring back the carriage we were riding in. Papa did the driving and Frank and I took turns sitting with him. We drove 25 miles the first day, stayed over night at Megee Mills. The people that had the hotel were some acquaintances of Papa's. He had done work for them, They made us very comfortable for the night and we were off early next morning. The only place I remember stopping, thought we must have stopped a good many times, was Luthersburg, only six miles from DuBois. I remember we bought bananas there. It was the first time I saw a bunch of bananas. We arrived in DuBois before dark and stayed at a hotel kept by Mr. and Mrs. Boving. They had lived in Cherry Tree before going to DuBois. We stayed in this hotel for a week before we could rent a house.

I was born in Cherry Tree, Pa. January 16, 1876, second child of Joanna and Amos Orner. Frank, my brother was two years older. The year was 100 years since the signing of The Declaration of Independence and Philadelphia had big celebration called Centennial observing the 100th anniversary. It was an outstanding event. My father attended it and often talk about it, telling us what a wonderful event it was. Cherry Tree was a small village a branch of the Susquehanna river ran through the town. We had to cross the river on a covered bridge when we went to the store. I remember what a thrill it was to look down through the cracks at the water below. It was a covered bridge, in early spring the water was very dark and it was a thrill to see the river filled with logs floating down, men jumping with can't hooks from one log, to another to keep them straight. The men lived on a raft that carried supplies. My father went on a good many trips, as far as Harrisburg. It was an extra job from carpenter work and good pay for the short season. I remember Frank and I going to the store alone, it was not very far. The store had everything, dry goods, toys, notions etc. the Christmas that I was five years old, they had a pretty wax doll in the window. It was a big doll, marked sold, but I always looked at it. So here at Christmas came the doll. It was for Nellie, our own baby, when she was big enough to play with it, she picked the wax off and spoiled it. It was so pretty. Papa played in the town band. I was so proud when he was in a parade on the 4th of July. He played bass horn. We had a doctor and dentist in this little town, furniture store, livery stable, and one of most everything that was needed to live on. We had an aunt sister living here and often played with her children. My Grandparents on both sides lived near, some 20 miles and some further. They came to see us and do some shopping as they most all lived in the country. Before we moved to DuBois, Papa took us to see most of our relatives. My Grandmother Orner came to see us a short time after I was born, mama told me, then on to shop and to see the doctor. When she rode by to do home, called to us something for the baby. It was material for to make dresses for me. She just stopped to drop it off, was riding horseback. She died later that year. Once when my parents went to visit some of their folks, they left Frank and I with a hired girl. Her name was Lydick. Fifty years later she visited me in New Jersey. She had married a rich lumber man who later was a Congressman in Maryland. She had my picture taken this day, a tintype. I was five years old. Shortly after we moved to DuBois, my Uncle Jake came to visit us with horse and buggy, when he went to go home, I had to go a little way with him for a ride. The horse reared at a train and threw me out but I did not hurt much a lot of excitement.

We lived in a rental house one year. In the meantime papa bought a lot from Mr. Remberger and built us a house on Main Street out from town about 8 blocks.

Frank and I were in school, a grade school on Street just a few blocks away. the first year we had neighbors near us that took us the first day, the Bryan girls. We were friends all through the years. Very few of our class mates of first days are living today. DuBois was a coal town - soft coal, many miles. they were happy days through grade school. In 1888 DuBois had a big fire nearly all the main business section was burned down. My father was a very busy man and had built many houses, churches schools etc. Roy was born in the new house in 1887, Vernon six years later. We had one of the first bathtubs to come to DuBois, also electric light both the first and telephone. My father was working and studying, now made his own plans for buildings and was a contractor and builder, later an architect by his own study and experience. When Frank was through high school, he worked with papa. The first job he worked on was the Dr. Adrian Hospital at - He learned the trade fast and was a good student, later studied to be an architect. He was only architect in DuBois and followed that ever after.

In 1895 papa built a planing Mill in DuBois and bought lumber by the carload, best at 20 a 1000, now its about 500 a 1000 foot. They finished doors and windows inside finish sore fronts, any kind of finishing lumber and stair rails ect.

Roy quit school at 8th grade to help. We had horses to deliver and always had a driving and riding horse. We had a good business.

Elizabeth went to Indian Normal and I went to business college. We had an organ and wach should had music lessons as they grew old enough. After I learned to play, on Sunday afternoons we all stood around and sang. Later I played orfan in United Brethren Church for several years. then we got a piano. Mr. Linley was our teacher. Roy took on mandolin later violin and did well. Vernon sang at church and movies between acts when they first started the silent films. After I was through school, I decided to take business courses and Elizabeth went to Indian School to be a teacher. Frank got married in 1899 and I in 1900, Nell in 1900 also. Frank built a nice home in DuBois and an office.

I lived in an apartment for one year. Dad was a dry goods man at a company store. We moved to Helinda where he managed the dry goods department in a company store. He decided to learn advertising and window trimming. Was good at trimming windows and decorating store. Our little girl was born in this mining town and was one year old. We had saved enough and I stayed at home while he went to school. It was in New York, the term was six months. He graduated and got his diploma. Their practice work was in Macy's window and store. Then he got a job in Warren, Pa., and we went there to live.

Warren is a pretty town. The Allegheny river goes through it. It is an oil town and many rich people lived there. We enjoyed livings there, the store was new, a department store. David Shear was the owner. We were back and forth to visit in DuBois many times. It was only 80 miles, by train. We had friends in the country up state who had a cottage on the river side and spent many weekends. Also it was not far to Chautauqua lake. We went there often. Dad was

secretary of window trimmers association and once we went to Detroit Michigan with him. We went by boat from (North Eastern) and back traveling all night. I also had my first visit to New York when a window trimmers convention was there. Our little girl was taken very sick suddenly and died a few days at the age of 4 years and 7 months. We could hardly live. It seemed impossible but in just four weeks William was born and we had to live for him.

It was like starting a new life, a new work, we miss our dear little loving girl so. I was so sad I did not think. I ever could smile again but the, new baby kept me busy. It was November when Elizabeth died and I was fretting so much and Dad had to work of course, so they thought it best that I go home and stay. It was coming Christmas in few weeks and Dad would come and they could look out for me and the baby. A trained nurse we knew had a brother in Clearfield and to get there she had to go by DuBois so she went with me that far. We paid her way. The baby came 4 days before Christmas - a boy. We called him William for Dad and Amos for Papa. Papa was pleased. He paid the doctor and Mrs. Drividson a trained nurse for two weeks and gave Dad the receipt when he came the day before Christmas. His window and store all trimmed and the boss gave him a week vacation. He had fainted twice when in store windows, was so sad at losing Elizabeth and working with toys for little girls and clothes. He was fretty too. He went back to Warren and stayed until William was six weeks old. Elizabeth went home with me. The baby was well and a good start but I was still fretting. In a few weeks I was on my own once again. When we arrived in Warren it was February 2nd. Ground hog day 1906 it was snowing. Mr. Dixon, who had the cabs and Dad had met us. When we reached our house, freinds were there. One was sweeping the snow off the front porch. I just cried, oh my little girl, just a short time, before I had her playing on that porch. We had many nice freinds in Warren. Later the school moved to Warren and I took painting lessons again. My Burfort married a shcool classmate of mine all through school years.

When William was __ years old, Dad went to Alabama to see some five acres we bought there at Robertdale near Mobile. He worked there for awhile and then came back and worked at Punxy where Allen was born in 1910. When Allen was two years old we went to Mobile to live for Dad was offered job with an advertising agency. I did not care for the south and we went to Washington D.C. We had a job as sales manager. We were one year in Washington. William went to school first year in Washington D.C. on I street NW. It was during Wilson's first Inauguration. We went to the inaugural parade. Dad and Allen got to tired and went home, William and I saw it through.

Our cousins Lucy and Grace keller lived in Washington and the night before the parade cam eot se us and brought flags for children to carry. I took the children to the While house grounds on Easter with their Easter baskets and say the president's wife and daughter. They came out on the porch. Children were to young to remember but we did travel all over to show them the sights. I had been in Washington when I was 18. Mama and I went to see her sister. My uncle worked in the weather bureau department. He had been a soldier and both are buried in Arlington.

We came back to Pennsylvinia where Dad was called for a job in Sharon. Phil was born the next year. Boys Allen William went to school there until Williams first year in high school when we came to New Jersey. Dad's two sister's came to live with us. We bought a small chicken farm and started raising chickedns a 100 hens came with the place. English Creek was the name fo the settlement. We put __ wand had a road stand, had a rural mail delivery and bus took William to high school. Allen and Phil went to the school nearby until later.

We had a new Nash car. It was a treat to go to Atlantic City. We took a trip to Cape May to see the _____ and to Ocean _____ to hear the Galli Curtia sing and to see the town of Lakewood, New Jersey, sort of a rich resort winter resort. Dad worked on trimming the chair for the first pageant in Atlantic. Our income was not much. I worked at Blatts in shoe departmetn, starting in September when Pageant was on and continued intil after Christmas. We had achance to buy a restaurant in Pleasenville so Dad, William and I came in and lived in back for the winter. Allen and Phil stayed at the farm with Marie and June, Dad's sisters. Then we all moved to P'ville, rented the place, later sold 1/2 of it after two years in restaurant we sold and bought the apartments over the new bank, where we rented rooms and had a good tourist business. It was before motels. We had people from all over the USA, were there 21 years.

The boys went up to Uncle Roy's each summer for quite awhile and the folks from up there came often to see us. Mama and Elizabeth came for William's graduation. Papa visited us on the way home from Florida. Allen went to DuBois and worked with Roy after graduation. William was married a little before he was 20- Elanor 18. Tuny was born two years later. William played in orchestra and worked in Atlantic. My mother and father died suddenly, first papa next year mama, when Tuny was one year old. She him only once when he was about three months old. When Tuny was small through grade school, Aunt Elizabeth worked in Philadelphia as companion for Mrs. Hires, root beer people. She traveled much in the 8 years and was at our home often during that time.

After graduation Allen worked at different jobs, finally as a chauffer and played in an orchestra. He was married in 1936. He was chauffeur for Mr. Ireland and had many nice trips south to Miami, Poconos ans os forth. He and Millie bought a log cabin in English Creek and lived there, had dog kennels until just before he went in the Army. He bought the Absecon home that we still live in.

After Phil graduated, he went to Prep school one year. Then the aircraft school and learned to be an airplane mechanic, got a job with Pan Am, when they were flying to Portugal using the clipper seaplanes. He studied and got to be a flight engineer. Was married to Brit in 1941 and came back with her in June, as a flight engineer. They lived in New York. Allen and Tuny and I met them at LaGardia airport and brought them to Pleasantville for a visit.

Aunt Elizabeth took tuny and I and Roy and Ross to Worl fair in New York while Phil was over seas, Tuny was about 10 years old. He enjoyed the fair, went all over alone. We had a meeting place at the John Mansfield building, where we met at a stated time. He went ont o DuBois after seeing, New York and I came back to P'ville. He left his little top coat in double decker bus but got it later.

After boys were all married we continued to live at the Stewart Apts. Business we less every year as more people were not being tourists were and they were beginning to build cabins along the highways.

William learned to fly an airplane. He and Walter Hanes and Garr bought it second hand, then he made trips to DuBois and back, Phil once as a navigator and pilot, once flew to South Carolina with Arno Apel to bring an old seaplane going over Norfolk could nt see land but had a safe trip. he took Tuny first passanger. I made a trip to Camden, Cape May with Dad and Tuny often went and Phil. While in this apartment business I took care of an old Lady for one year who had no relations, looked after her burial etc. She was with me one year, paving her way, then in her will left me \$2500. I gave the boys all of \$100 and all a watch when they graduated - 40 cash for Washington trip and came depression time when I had

to use some to help out our living, loaned 500 for 15 years and received 30 a year interest for a 15 years when it was paid back so I made nearly \$500 on interest. Took care of Dad's funeral over \$500.

We came to Absecon in 1923. Tuny was with us and went one year to Absecon his 8th grade they went to Blair and came home summers. Later worked summers at Lake Deposit, later Lake George and winter in Florida. Allen went to Army in 1943. Millie and I visited him at Fort Belvoir, later she went to Arkansas, then he was off to Europe. Millie worked at Kornblaughs. Dad and I keep house. We had downstairs and Allen and Millie upstairs. Aunt Marie, Tuney's great aunt lived with one year here at Absecon, also more than one year in P'ville. Phil's family came first summer we were here. During the war Phil was with African Oriental Command, bringing back wounded soldiers from Casablanca. The army took over Pan American for 2 years. They lived in Florida those 2 years. After war worked with Pan Am as flight engineer, now flying all over Europe and Pacific Coast. Phil brought home in New York at Lake. Erik was born in New York 1942, Hallie born in New York 1943. Eleanor married Arthur Brown in 1941. William married Elsie Cinelli in 1942. Tuney stayed with William and Elsie year in high school, did not miss a day and never late. Worked at a radio store evenings and Saturdays. Next year went to Florida and next inter school in New York- now working in Lake George in summer and Florida in the winter, drove to California, southern route. Worked in Los Angeles, Palm Springs, best hotels and on up to Lake Tahoe, Las Vegas Sacramento and San Francisco, seeing the country and working his way. Came home December, William had heart attack a few days before arrival. Tuney went to Florida for rest of winter, then came to Atlantic City and for a job with bus company.

Dad had a heart attack in October 1949, got better than another in January and died a short time after.

Allen made two apartments to rent and one for me on first floor of his house, Buried Dad in Absecon Presbyterian cemetery. Next year I had a bad illness in Somers Point hospital for six weeks and O.K. again but seven years later another attack while was visiting, Roy at Rocton. Tuney renewed a romance started six years before in Florida - in meantime Jan married and had a little girl she was back at home in Sioux Falls when a new romance started after their exchanging Christmas cards five years later. Jan came to Atlantic for a visit with her little girl, then they became engaged -and were married in Atlantic city September 19th, a little later brought home in Absecon, two years later had a baby boy, James, December 18, 1958.

I have lived and enjoyed Absecon, have nice friends in church and club work. During my time in P'ville I was on election board a member of Board of Health. A country committee woman for 16 years. Also active Eastern Star, received my 50 year membership pen March 1959. Jan and Tuney joined Presbyterian Church are active in work and Tuney as usher. Also vice president of Parent Teachers and works for Junior Chamber of Commerce.

Alls well, children. You will remember things from now on. This is a very poor record for early days if you care to read it. In the meantime up until 1962, there been many things both sad and happy. The past year has been so good health, good friends, and a comfortable home. One outstanding event was my Santa doorknob Business it was good - old over 100, also the Picture Madonna was admired and exhibited as Smithville Ins. Family and friends have been kind I can rest easy now, with Aunt Elizabeth help, I have saved enough to cover my burial expenses, a great relief but I must cross the bar quickly do not count on delaying along the way.

1962 New Year

All was well until January 16th my 88 birthday. WM. had another heart attack and was not well, all along until in April he failed losing ground and was looking older then. At this time Phil had returned and had quite a few good visits with William and all of us. Then only two weeks before William died we out riding and had lunch but I could see he was far from well, did not see him then in the two weeks but talked on phone and had several letters from him. Only the day before he, died he wrote me a note saying he had to rest a good deal but would be over shortly - a great shock. I cannot believe he is dead, he is just away and I do miss him so very much, his visits and his smile and jokes always so much to tell and show me. I did not see him laid away. Allen took me to see the grave but still is hard to believe William is gone. Since I had to walk with crutches, it was to embarrassing to go before the people attending the service at all Saints Episcopal Church in Atlantic City. Allen, Phil, Brit, Jan, and Tuney brought me the message. I go to his grave every chance I get.[Adams Co. ORNER'S.FTW]
